

The Australian Bureau of Statistics and Statistics New Zealand jointly researched and prepared the first edition of the *ANZSCO Dictionary*. Like its *ASCO Dictionary* forebears, it is a skills-based classification. This PDF file reproduces the lead statements for the major group, sub-major group, unit group and occupation entries, some of which have been shortened. The complete dictionary can be viewed on and downloaded from the [www.whatjobspay.com.au](http://www.whatjobspay.com.au) website.

Cartographers and Surveyors apply scientific and mathematical principles to design, prepare and revise maps and charts, plan, direct and conduct survey work to determine, delineate, plan and precisely position tracts of land, natural and constructed features, coastlines, marine floors and underground works, and manage related information systems.

Occupation 232211

A Cartographer applies scientific and mathematical principles to design, prepare and revise maps and charts.

Occupation 232212

A Surveyor plans, directs and conducts survey work to determine, delineate, plan and precisely position tracts of land, natural and constructed features, coastlines, marine floors and underground works, and manages related information systems.

*Unit Group 2323*

Fashion, Industrial and Jewellery Designers plan, design, develop and document products for manufacture and prepare designs and specifications of products for mass, batch and one-off production.

Occupation 232311

A Fashion Designer plans, designs and develops clothing, accessories, footwear or other items of personal apparel considering the form and construction of clothing, historical styles and contexts, contemporary and cultural trends, colour, fabric, and decoration, and the techniques and processes available for manufacture.

Occupation 232312

An Industrial Designer plans, designs, develops and document industrial, commercial or consumer products for manufacture with particular emphasis on ergonomic (human) factors, marketing considerations and manufacturability, and prepares design and specifications of products for mass or batch production.

Occupation 232313

A Jewellery Designer conceptualises and designs prototypes and details for the manufacture of jewellery and objects for personal adornment, such as watches and spectacles, homewares and other objects, such as trophies and silverware, using metals, precious stones, plastics, engraving, casting and fabrication, to develop design for mass or batch production or one-off commissions.

*Unit Group 2324*

Graphic and Web Designers, and Illustrators design information for visual and audio communication, publication and display using print, film, electronic, digital and other forms of visual and audio media.

Occupation 232411

A Graphic Designer plans, designs, develops and prepares information for publication and reproduction using text, symbols, pictures, colours and layout to achieve commercial and communication needs with particular emphasis on tailoring the message for the intended audience.

Occupation 232412

An Illustrator plans, designs, develops, and prepares pictures and diagrams to communicate messages, clarify meaning, assist in presentations and illustrate stories, using traditional and digital media such as drawing, painting, drafting, collage, models, photography, and image capture and manipulation software.

Occupation 232413

A Multimedia Designer plans, designs and develops the production of digitally delivered information, promotional content, instructional material and entertainment through online and recorded digital media using static and animated information, text, pictures, video and sound to produce information and entertainment tailored to an intended audience and purpose.

Occupation 232414

A Web Designer plans, designs, develops and prepares information for Internet publication with particular emphasis on the user interface, ease of navigation and location of information using text, pictures, animation, sound, colours, layout and data sources to deliver information tailored to an intended audience and purpose.

*Unit Group 2325*

Interior Designers plan, design, detail and supervise the construction of commercial, industrial, retail and residential building interiors to produce an environment tailored to a purpose, with particular emphasis on space creation, space planning, and factors that enhance living and working environments.

*Unit Group 2331*

Chemical and Materials Engineers design and prepare specifications for chemical process systems and the construction and operation of commercial-scale chemical plants, supervise industrial processing and fabrication of products undergoing physical and chemical change, and investigate the properties of metals, ceramics, polymers and other materials and assess and develop their engineering and commercial applications.

Occupation 233111

A Chemical Engineer designs and prepares specifications for chemical process systems and the construction and operation of commercial-scale chemical plants, and supervises industrial processing and fabrication of products undergoing physical and chemical changes.

Occupation 233112

A Materials Engineer investigates the properties of metals, ceramics, polymers and other materials and assesses and develops their engineering and commercial applications

*Unit Group 2332*

Civil Engineering Professionals design, plan, organise and oversee the construction of civil engineering projects such as dams, bridges, pipelines, gas and water supply schemes, sewerage systems, roads, airports and other structures; analyse the likely behaviour of soil and rock when placed under pressure by proposed structures and design structural foundations; analyse the statical properties of all types of structures and test the behaviour and durability of materials used in their construction; plan and develop transportation systems; and estimate and monitor the construction costs of projects.

Occupation 233211

A Civil Engineer plans, designs, organises and oversees the construction and operation of dams, bridges, pipelines, gas and water supply schemes, sewerage systems, airports and other civil engineering projects.

Occupation 233212

A Geotechnical Engineer plans, directs and conducts survey work to analyse the likely behaviour of soil and rock when placed under pressure by proposed structures, and designs above and below ground foundations.

Occupation 233213

A Quantity Surveyor estimates and monitors construction costs from the project feasibility stage, through tender preparation, to the construction period and beyond.

Occupation 233214

A Structural Engineer analyses the static properties of all types of structures, tests the behaviour and durability of materials used in their construction, and designs and supervises the construction of all types of structures.

Occupation 233215

A Transport Engineer plans and develops transport systems to improve infrastructure efficiency and the cost effectiveness of moving people and freight.

*Unit Group 2333*

Electrical Engineers design, develop and supervise the manufacture, installation, operation and maintenance of equipment, machines and systems for the generation, distribution, utilisation and control of electric power.

Occupation 233311

An Electrical Engineer designs, develops and supervises the manufacture, installation, operation and maintenance of equipment, machines and systems for the generation, distribution, utilisation and control of electric power.

*Unit Group 2334*

Electronics Engineers design, develop, adapt, install, test and maintain electronic components, circuits and systems used for computer systems, communication systems, entertainment, transport and other industrial applications.

Occupation 233411

An Electronics Engineer designs, develops, adapts, installs, tests and maintains electronic components, circuits and systems used for computer systems, communication systems, entertainment, transport and other industrial applications.

*Unit Group 2335*

Industrial, Mechanical and Production Engineers design, organise and oversee the construction, operation and maintenance of mechanical and process plant and installations, establish programs for the coordination of manufacturing activities, and ensure usage of resources is cost effective.

Occupation 233511

An Industrial Engineer investigates and reviews the utilisation of personnel, facilities, equipment and materials, current operational processes and established practices, to recommend improvement in the efficiency of operations in a variety of commercial, industrial and production environments.

Occupation 233512

A Mechanical Engineer plans, designs, organises and oversees the assembly, erection, operation and maintenance of mechanical and process plant and installations.

Occupation 233513

A Production or Plant Engineer plans, directs and coordinates the design, construction, modification, continued performance and maintenance of equipment and machines in industrial plants, and the management and planning of manufacturing activities.

*Unit Group 2336*

Mining Engineers plan and direct the engineering aspects of locating and extracting minerals, petroleum and natural gas from the earth.

Occupation 233611

A Mining Engineer (excluding Petroleum) plans and directs the engineering aspects of locating and extracting minerals from the earth.

Occupation 233612

A Petroleum Engineer plans and directs the engineering aspects of locating and extracting petroleum or natural gas from the earth.

*Unit Group 2339*

Other Engineering Professionals covers Engineering Professionals not elsewhere classified. It includes Aeronautical Engineers, Agricultural Engineers, Biomedical Engineers, Engineering Technologists, Environmental Engineers and Naval Architects.

Occupation 233911

An Aeronautical Engineer performs and supervises engineering work concerned with the design, development, manufacture, maintenance and modification of aircraft for flight.

Occupation 233912

An Agricultural Engineer performs and supervises engineering work related to the use and development of agricultural land, buildings, machines and equipment.

Occupation 233913

A Biomedical Engineer applies knowledge and methodology of physics, engineering, mathematics, computing, physical chemistry and materials science to problems in biology and the treatment and prevention of human disease.

Occupation 233914

An Engineering Technologist analyses and modifies new and existing engineering technologies and applies them in the testing and implementation of engineering projects.

Occupation 233915

An Environmental Engineer assesses the impact on air, water, soil and noise levels in the vicinity of engineering projects, plans and designs equipment and processes for the treatment and safe disposal of waste material, and assesses what may cause problems for the environment in the long-term.

Occupation 233916

A Naval Architect designs and oversees the construction and repair of marine craft and floating structures.

Occupation 233999

Engineering Professional nec covers Engineering Professionals not elsewhere classified.

Agricultural and Forestry Scientists advise farmers, rural industries and government on aspects of farming, develop techniques for increasing productivity, and study and develop plans and policies for the management of forest areas.

Occupation 234111

An Agricultural Consultant advises farmers, agricultural businesses, rural industries and government on the production, processing and distribution of farm products.

Occupation 234112

An Agricultural Scientist studies commercial plants, animals and cultivation techniques to enhance the productivity of farms and agricultural industries.

Occupation 234113

A Forester studies, develops and manages forest areas to maintain commercial and recreational uses, conserve flora and fauna, and protect against fire, pests and diseases.

*Unit Group 2342*

Chemists, and Food and Wine Scientists study the chemical and physical properties of substances, develop and monitor chemical processes and production, develop new and improve existing food products, and plan and coordinate the production of wine and spirits.

Occupation 234211

A Chemist studies the chemical and physical properties of substances, and develops and monitors chemical processes and production.

Occupation 234212

A Food Technologist develops new and improve existing food products, and sets standards for producing, packaging and marketing food.

Occupation 234213

A Wine Maker plans, supervises and coordinates the production of wine or spirits from selected varieties of grapes.

*Unit Group 2343*

Environmental Scientists study, develop, implement and advise on policies and plans for managing and protecting the environment, flora, fauna and other natural resources.

Occupation 234311

A Conservation Officer develops and implements programs and regulations for the protection of fish, wildlife and other natural resources.

Occupation 234312

An Environmental Consultant analyses and advises on policies guiding the design, implementation and modification of government or commercial environmental operations and programs.

Occupation 234313

An Environmental Research Scientist studies and develops policies and plan for the control of factors which may produce pollution, imbalance in or degradation of the environment.

Occupation 234314

A Park Ranger assists in controlling a State or national park, scenic area, historic site, nature reserve, recreation area or conservation reserve in accordance with authorised policies and priorities.

Occupation 234399

An Environmental Scientist necThis occupation group covers Environmental Scientists not elsewhere classified.

*Unit Group 2344*

Geologists and Geophysicists study the composition, structure and other physical attributes of the earth, locate and advise on the extraction of minerals, petroleum and ground water, and detect, monitor and forecast seismic, magnetic, electrical, thermal and oceanographic activity.

Occupation 234411

A Geologist studies the composition, structure and other physical attributes of the earth to increase scientific knowledge and to develop practical applications in fields such as mineral exploitation, civil engineering, environmental protection and rehabilitation of land after mining.

Occupation 234412

A Geophysicist studies the composition, structure and other physical attributes of the earth, locate minerals, petroleum or ground water, and detects, monitors and forecasts seismic, magnetic, electrical, geothermal and oceanographic activity.

*Unit Group 2345*

Life Scientists examine the anatomy, physiology and biochemistry of humans, animals, plants and other living organisms to better understand how living organisms function and interact with each other and the environment in which they live.

Occupation 234511

A Life Scientist (General) studies the origin, anatomy, physiology, reproduction and behaviour of living organisms and the ways in which they interact with the environment in which they live.

Occupation 234512

An Anatomist or Physiologist studies the anatomy and physiology of humans.

Occupation 234513

A Biochemist studies the biochemistry of living organisms and the molecular structure and function of related components.

Occupation 234514

A Biotechnologist studies the anatomy, physiology and characteristics of living organisms and isolated biological molecules, and develops new materials for applying to a range of purposes.

Occupation 234515

A Botanist studies the anatomy, physiology, biochemistry and ecology of plants.

Occupation 234516

A Marine Biologist studies the anatomy, physiology, functions, characteristics, behaviour and environments of all forms of life living in the sea and connected water bodies.

Occupation 234517

A Microbiologist studies microscopic forms of life such as bacteria, viruses and protozoa.

Occupation 234518

A Zoologist studies the anatomy, physiology, characteristics, ecology, behaviour and environments of animals.

Occupation 234599

Life Scientist nec covers Life Scientist not elsewhere classified.

*Unit Group 2346*

Medical Laboratory Scientists conduct medical laboratory tests to assist in the diagnosis, treatment and prevention of disease.

Occupation 234611

A Medical Laboratory Scientist conducts medical laboratory tests to assist in the diagnosis, treatment and prevention of disease.

Veterinarians diagnose, treat and prevent animal diseases, ailments and injuries.

Occupation 234711

A Veterinarian diagnoses, treats and prevents animal diseases, ailments and injuries.

*Unit Group 2349*

Other Natural and Physical Science Professionals covers Natural and Physical Science Professionals not elsewhere classified. It includes Conservators, Metallurgists, Meteorologists and Physicists.

Occupation 234911

A Conservator plans and organises the conservation of materials and objects in libraries, archives, museums, art galleries and other institutions.

Occupation 234912

A Metallurgist researches, develops, controls and provides advice on processes used in extracting metals from their ores, and processes used for casting, alloying, heat treating or welding refined metals, alloys and other materials to produce commercial metal products or develop new alloys and processes.

Occupation 234913

A Meteorologist studies the physics and dynamics of the atmosphere to increase understanding of weather and climate, and to forecast changes in the weather and long-term climatic trends.

Occupation 234914

A Physicist studies matter, space, time, energy, forces and fields and the interrelationship between these physical phenomena to further understanding of the laws governing the behaviour of the universe, and seeks to apply these laws to solve practical problems and discover new information about the earth and the universe.

Occupation 234999

Natural and Physical Science Professional nec covers Natural and Physical Science Professionals not elsewhere classified.

*Unit Group 3113*

Primary Products Inspectors inspect animals, plants and agricultural produce and facilities to ensure compliance with government and industry standards with respect to quality, health and licensing.

Occupation 311311

A Fisheries Officer inspects fishing vessels, gear, licences and catches to ensure that fisheries laws and regulations are obeyed.

Occupation 311312

A Meat Inspector inspects animal carcasses, internal organs and meat processing facilities for disease to ensure compliance with government and industry standards with respect to quality and health.

Occupation 311313

A Quarantine Officer inspects incoming animals, plants, and animal and plant products to ensure compliance with laws and regulations to prevent the spread of exotic pests and diseases.

Occupation 311399

Primary Products Inspector nec covers Primary Products Inspectors not elsewhere classified.

*Unit Group 3114*

Science Technicians perform tests and experiments, and provide technical support functions to assist with research, design, production and teaching in chemistry, earth sciences, life sciences, and physical sciences.

Occupation 311411

A Chemistry Technician performs laboratory tests on organic and inorganic chemicals, analyse test data and carries out technical functions in support of Chemists or Chemical Engineers in a wide variety of areas such as fuels, agricultural products, food, pharmaceuticals, paints, metals, plastics, textiles, detergents, paper, fertilisers and cosmetics.

Occupation 311412

An Earth Science Technician collects and tests earth and water samples, records observations and analyses data in support of Geologists or Geophysicists.

Occupation 311413

A Life Science Technician identifies and collects living organisms and conducts field and laboratory studies in support of Life Scientists or Environmental Scientists.

Occupation 311414

A School Laboratory Technician prepares experiments and demonstrations, makes up solutions, prepares slides, orders books and equipment, and tidies up laboratories in support of teaching chemistry, earth sciences, life sciences and physical sciences.

Occupation 311499

Science Technician nec covers Science Technicians not elsewhere classified.

*Unit Group 3121*

Architectural, Building and Surveying Technicians perform technical functions to assist Construction Managers, Architects and Surveyors by supervising and inspecting construction sites, estimating time, costs and resources, inspecting plumbing work, and collecting and evaluating survey data and preparing maps and plans.

Occupation 312111

An Architectural Draftsperson completes Architects' concepts by preparing drawings and plan, and liaising with builders and contractors.

Occupation 312112

A Building Associate supervises construction sites, and organises and coordinates the material and human resources required.

Occupation 312113

A Building Inspector inspects buildings to ensure compliance with laws and regulations and advise on building requirements.

Occupation 312114

A Construction Estimator prepares and delivers estimates and cost plan for construction projects up to the tender settlement stage.

Occupation 312115

A Plumbing Inspector inspects plumbing work to ensure compliance with relevant standards and regulations.

Occupation 312116

A Surveying or Cartographic Technician collects, records and evaluates survey data and prepares maps, charts and plan in support of Surveyors or Cartographers.

*Unit Group 3122*

Civil Engineering Draftspersons and Technicians assist in civil engineering research, design, construction, operations and maintenance.

Occupation 312211

A Civil Engineering Draftsperson prepares detailed drawings and plan for civil engineering work in support of Civil Engineering Professionals and Engineering Technologists.

Occupation 312212

A Civil Engineering Technician conducts tests of construction materials, prepares sketches and tabulations, and assists in estimating costs in support of Civil Engineering Professionals and Engineering Technologists.

*Unit Group 3123*

Electrical Engineering Draftspersons and Technicians assist in electrical engineering research, design, manufacture, assembly, construction, operation and maintenance of equipment, facilities and distribution systems.

Occupation 312311

An Electrical Engineering Draftsperson prepares detailed drawings and plan of electrical installations and circuitry in support of Electrical Engineers and Engineering Technologists.

Occupation 312312

An Electrical Engineering Technician conducts tests of electrical systems, prepares charts and tabulations, and assists in estimating costs in support of Electrical Engineers and Engineering Technologists.

*Unit Group 3124*

Electronic Engineering Draftspersons and Technicians assist in electronic engineering research, design, manufacture, assembly, construction, operation and maintenance of equipment, facilities and distribution systems.

Occupation 312411

An Electronic Engineering Draftsperson prepares detailed drawings and plan of electronic engineering work in support of Electronics Engineers and Engineering Technologists.

Occupation 312412

An Electronic Engineering Technician conducts tests of electronic systems, collects and analyses data, and assembles circuitry in support of Electronics Engineers and Engineering Technologists.

*Unit Group 3125*

Mechanical Engineering Draftspersons and Technicians assist in mechanical engineering research, design, manufacture, construction, operation and maintenance of machines, manufacturing equipment, mechanical installations and facilities.

Occupation 312511

A Mechanical Engineering Draftsperson prepares detailed drawings and plan of mechanical engineering work in support of Mechanical Engineers and Engineering Technologists.

Occupation 312512

A Mechanical Engineering Technician conducts tests of mechanical systems, collects and analyses data, and assembles and installs mechanical assemblies in support of Mechanical Engineers and Engineering Technologists.

*Unit Group 3126*

Safety Inspectors inspect machines, equipment, working conditions and public places to ensure compliance with government and industry standards and regulations, in relation to occupational health and safety.

Occupation 312611

A Safety Inspector inspects machines, equipment, working conditions and public places to ensure compliance with government and industry standards and regulations, in relation to occupational health and safety.

*Unit Group 3129*

Other Building and Engineering Technicians covers Building and Engineering Technicians not elsewhere classified. It includes Maintenance Planners, Metallurgical or Materials Technicians, and Mine Deputies.

Occupation 312911

A Maintenance Planner develops maintenance planning strategies, and schedules, coordinates and monitors the maintenance of all plant equipment.

Occupation 312912

A Metallurgical or Materials Technician tests materials as part of mineral and metal processing and refining, or for research into metals, ceramics, polymers and other materials in support of Metallurgists and Materials Engineers.

Occupation 312913

A Mine Deputy oversees the safety of mining operations and supervises Miners.

Occupation 312999

Building and Engineering Technician nec covers Building and Engineering Technicians not elsewhere classified.

*Unit Group 3131*

ICT Support Technicians provide support for the deployment and maintenance of computer infrastructure and web technology and the diagnosis and resolution of technical problems.

Occupation 313111

A Hardware Technician supports and maintains computer systems and peripherals by installing, configuring, testing, troubleshooting, and repairing hardware.

Occupation 313112

An ICT Customer Support Officer provides support, education and guidance in the deployment and maintenance of computer infrastructure and the diagnosis and resolution of technical problems and issues. May work in a call centre.

Occupation 313113

A Web Administrator designs, builds and maintains web sites, and provides web technology solutions and services.

Occupation 313199

ICT Support Technician nec covers ICT Support Technicians not elsewhere classified.

*Unit Group 3132*

Telecommunications Technical Specialists develop, monitor and carry out technical support functions for telecommunications networks and install computer equipment, computer systems and microwave, telemetry, multiplexing, satellite and other radio and electromagnetic wave communication systems.

Occupation 313211

A Radiocommunications Technician installs, maintains, repairs and diagnoses malfunctions of microwave, telemetry, multiplexing, satellite and other radio and electromagnetic wave communication systems.

Occupation 313212

A Telecommunications Field Engineer plans, designs, commissions and monitors complex telecommunications networks and associated equipment, provides technical advice and information, and identifies complex problems and initiates action to resolve them.

Occupation 313213

A Telecommunications Network Planner plans the development of customer access telecommunications network infrastructure.

Occupation 313214

A Telecommunications Technical Officer or Technologist carries out specialised design and support functions in telecommunications engineering including optimisation and performance monitoring of telecommunications networks, diagnosis and repair of faults, and the selection and installation of equipment.

***Sub-Major Group 32***

Automotive and Engineering Trades Workers construct, repair and maintain motor vehicles and aircraft structures and systems, and cut, shape, cast, join and finish metal, metal parts, subassemblies and precision instruments.

*Unit Group 3211*

Automotive Electricians install, maintain and repair electrical wiring and electronic components in motor vehicles.

Occupation 321111

An Automotive Electrician installs, maintains and repairs electrical wiring and electronic components in motor vehicles.

*Unit Group 3212*

Motor Mechanics repair, maintain and test motor vehicle and other internal combustion engines and related mechanical components.

Occupation 321211

A Motor Mechanic (General) maintains, tests and repairs petrol engines and the mechanical parts of lightweight motor vehicles such as transmissions, suspension, steering and brakes.

Occupation 321212

A Diesel Motor Mechanic maintains, tests and repairs diesel motors and the mechanical parts of trucks, buses and other heavy vehicles such as transmissions, suspension, steering and brakes.

Occupation 321213

A Motorcycle Mechanic maintains, tests and repairs the mechanical parts of motorcycles.

Occupation 321214

A Small Engine Mechanic maintains, tests and repairs engines of chainsaws, lawn mowers, garden tractors and other equipment with small engines.

*Unit Group 3221*

Metal Casting, Forging and Finishing Trades Workers fabricate mould patterns and forms and moulds and cores for the production of metal castings, heat and hammer metal into shape, and make, repair, coat and polish metal parts and articles.

Occupation 322111

A Blacksmith shapes bars, rods and blocks of metal by heating and hammering to produce or repair metal articles.

Occupation 322112

An Electroplater controls plating processes and maintains solutions used to coat metal articles and other parts with non-ferrous metals.

Occupation 322113

A Farrier inspects, trims and shapes horses' hooves, and forms, fits and nails horseshoes.

Occupation 322114

A Metal Casting Trades Worker forms and moulds and cores for the production of metal castings.

Occupation 322115

A Metal Polisher polishes metal to impart smooth, reflective and other finishes.

*Unit Group 3222*

Sheetmetal Trades Workers mark out, shape, form and join sheetmetal and other materials to make products and components.

Occupation 322211

A Sheetmetal Trades Worker marks out, shapes, forms and joins sheetmetal and other materials to make products and components.

*Unit Group 3223*

Structural Steel and Welding Trades Workers cut, shape, join and repair metal components of iron and steel structures, boilers, pressure vessels and pipes, ships and other vessels.

Occupation 322311

A Metal Fabricator marks off and fabricates structural steel and other metal stock to make or repair metal products and structures such as boilers and pressure vessels.

Occupation 322312

A Pressure Welder assembles, welds and repairs pressure vessels and pipes to relevant standards.

Occupation 322313

A Welder (First Class) fabricates and repairs metal products using various welding techniques.

*Unit Group 3231*

Aircraft Maintenance Engineers maintain and repair aircraft structures, and avionic and mechanical systems.

Occupation 323111

An Aircraft Maintenance Engineer (Avionics) inspects, tests, aligns, repairs and installs aircraft electrical and avionic system components.

Occupation 323112

An Aircraft Maintenance Engineer (Mechanical) inspects, tests, repairs and installs aircraft hydromechanical and flight system components and aircraft engines, subassemblies and components.

Occupation 323113

An Aircraft Maintenance Engineer (Structures) inspects, dismantles and reassembles aircraft structures, and repairs and replaces components of aircraft frames. Works with both metal and carbon fibre composite materials.

*Unit Group 3232*

Metal Fitters and Machinists fit and assemble fabricated metal parts into products, set up machining tools, production machines and textile machines, and operate machining tools and machines to shape metal stock and castings.

Occupation 323211

A Fitter (General) fits and assembles metal parts and subassemblies to fabricate production machines and other equipment.

Occupation 323212

A Fitter and Turner fits, assembles, grinds and shapes metal parts and subassemblies to fabricate production machines and other equipment.

Occupation 323213

A Fitter-Welder fits, assembles and welds metal parts and subassemblies to fabricate production machines and other equipment.

Occupation 323214

A Metal Machinist (First Class) sets up and operates machine tools to shape and form metal stock and castings to fine tolerances, using detailed drawings and specifications.

Occupation 323215

A Textile, Clothing and Footwear Mechanic sets up, adjusts and maintains industrial or domestic sewing machines, or machines used in the production of yarn, textiles or footwear.

Occupation 323299

Metal Fitter and Machinist nec covers Metal Fitters and Machinists not elsewhere classified.

*Unit Group 3233*

Precision Metal Trades Workers fabricate, assemble, maintain and repair metal precision instruments.

Occupation 323311

An Engraver inscribes letters, figures and design on metal, glass, wood, rubber, plastic and other surfaces.

Occupation 323312

A Gunsmith modifies, services and repairs rifles, revolvers and other firearms.

Occupation 323313

A Locksmith installs and maintains locks and related security devices and systems.

Occupation 323314

A Precision Instrument Maker and Repairer assembles, calibrates, installs and overhauls mechanical precision instruments and equipment.

Occupation 323315

A Saw Maker and Repairer makes, repairs, sets and sharpens blades for circular, band and other saws.

Occupation 323316

A Watch and Clock Maker and Repairer makes, repairs, cleans and adjusts watches and clocks.

*Unit Group 3234*

Toolmakers and Engineering Patternmakers make and repair tools, dies, jigs, fixtures and other precision parts and equipment to fine tolerances for machine tools and other production machinery, and construct full-size engineering, visual and experimental models and models for the manufacture of prototype developmental products.

Occupation 323411

An Engineering Patternmaker constructs full-size engineering models usually made out of timber, which are used in manufacturing to produce metal castings, copy models, vacuum form tooling and tooling for the automotive, aircraft or fibreglass industries.

Occupation 323412

A Toolmaker makes and repairs tools, dies, jigs, fixtures and other precision parts and equipment to fine tolerances for machine tools and other production machinery.

*Unit Group 3241*

Panelbeaters repair damage to metal, fibreglass and plastic body work on vehicles, and form replacement vehicle panels.

Occupation 324111

A Panelbeater repairs damage to metal, fibreglass and plastic body work on vehicles and form replacement vehicle panels.

*Unit Group 3242*

Vehicle Body Builders and Trimmers manufacture and repair prototype production units and purpose-built vehicle bodies, and install, repair and replace the interior trim of vehicles.

Occupation 324211

A Vehicle Body Builder manufactures and repairs prototype production units and purpose-built vehicle bodies such as buses, trucks, fire engines and caravans.

Occupation 324212

A Vehicle Trimmer installs, repairs and replaces the interior trim of vehicles such as seats, linings, floor coverings and door trims.

*Unit Group 3243*

Vehicle Painters prepare surfaces of vehicles, match and mix colours and apply paint.

Occupation 324311

A Vehicle Painter prepares surfaces of vehicles, matches and mix colours and applies paint.

***Sub-Major Group 33***

Construction Trades Workers construct and repair buildings and other structures, apply final finishes such as plaster, painting and flooring, make and install glass products, and provide plumbing, drainage and mechanical services.

*Unit Group 3311*

Bricklayers and Stonemasons lay bricks, pre-cut stones and other types of building blocks in mortar to construct and repair walls, partitions, arches and other structures, and cut and shape hard and soft stone blocks and masonry slabs for the construction and renovation of stone structures and monumental masonry.

Occupation 331111

A Bricklayer lays bricks, pre-cut stone and other types of building blocks in mortar to construct and repair walls, partitions etc.

Occupation 331112

A Stonemason cuts and shapes hard and soft stone blocks and masonry slabs to construct and renovate stone structures and monumental masonry.

*Unit Group 3312*

Carpenters and Joiners construct, erect, install, renovate and repair structures and fixtures made of wood, plywood, wallboard and other materials, and cut, shape and fit timber parts to form structures and fittings.

Occupation 331211

A Carpenter and Joiner constructs and installs structures and fixtures of wood, plywood, and wallboard, and cuts, shapes and fits timber parts to form structures and fittings.

Occupation 331212

A Carpenter constructs, erects, installs, renovates and repairs structures and fixtures of wood, plywood, wallboard and other materials.

Occupation 331213

A Joiner cuts, shapes and fits timber parts in workshops to form structures and fittings, ready for installation.

*Unit Group 3321*

Floor Finishers measure, cut, install and repair soft and resilient floor coverings.

Occupation 332111

A Floor Finisher measures, cuts, installs and repairs soft and resilient floor coverings.

*Unit Group 3322*

Painting Trades Workers apply paint, varnish, wallpaper and other finishes to protect, maintain and decorate surfaces of buildings and structures.

Occupation 332211

A Painting Trades Worker applies paint, varnish, wallpaper and other finishes to protect, maintain and decorate surfaces of buildings and structures.

*Unit Group 3331*

Glaziers measure, cut, finish, fit and install flat glass and mirrors.

Occupation 333111

A Glazier measures, cuts, finishes, fits and installs flat glass and mirrors.

*Unit Group 3332*

Plasterers apply and fix plasterboard partitions, suspended ceilings, fire rating systems, acoustic tiles, and composite wall linings to buildings, and apply decorative and protective coverings of plaster, cement and similar materials to the interiors and exteriors of structures.

Occupation 333211

A Fibrous Plasterer applies and fixes plasterboard partitions, suspended ceilings, fire rating systems, acoustic tiles, and composite wall linings to buildings.

Occupation 333212

A Solid Plasterer applies decorative and protective coverings of plaster, cement and similar materials to the interiors and exteriors of structures.

*Unit Group 3333*

Roof Tilers cover roofs with tiles, sheets and shingles to form a waterproof surface.

Occupation 333311

A Roof Tiler covers roofs with tiles, sheets and shingles to form a waterproof surface.

*Unit Group 3334*

Wall and Floor Tilers lay ceramic, clay, slate, marble and glass tiles on external and internal walls and floors to provide protective and decorative finishes.

Occupation 333411

A Wall and Floor Tiler lays ceramic, clay, slate, marble and glass tiles on external and internal walls and floors to provide protective and decorative finishes.

*Unit Group 3341*

Plumbers install, maintain and repair pipes, drains, guttering and metal roofing, mechanical services and related equipment for water supply, gas, drainage, sewerage, heating, cooling and ventilation systems.

Occupation 334111

A Plumber (General) installs and repairs water, drainage, gas and sewerage pipes and systems.

Occupation 334112

An Airconditioning and Mechanical Services Plumber installs, maintains and repairs piping, ducting and equipment for heating, cooling and ventilation of buildings or vessels.

Occupation 334113

A Drainer installs, maintains and designs below-ground drainage systems and associated sewerage or effluent disposal systems.

Occupation 334114

A Gasfitter installs, maintains and repairs gas mains, piping systems downstream of the billing meter, and appliances and ancillary equipment associated with the use of fuel gases, including liquefied petroleum gas systems.

Occupation 334115

A Roof Plumber installs, maintains and repairs flashings, metallic roof and wall claddings and rainwater products such as gutters and downpipes.

*Sub-Major Group 34*

Electrotechnology and Telecommunications Trades Workers assemble, install, test and repair electrical appliances, networks and circuits, electronic systems and equipment, lifts, refrigeration and airconditioning equipment, electrical distribution networks, and telecommunications equipment.

*Unit Group 3411*

Electricians design, assemble, install, test, commission, diagnose, maintain and repair electrical networks, systems, circuits, equipment, components, appliances and facilities for industrial, commercial and domestic purposes, and service and repair lifts, escalators and related equipment.

Occupation 341111

An Electrician (General) services and repairs intricate and complex electrical and electronic circuitry.

Occupation 341112

An Electrician (Special Class) design, installs, maintains, services and repairs electric and hydraulic passenger and freight lifts, escalators, moving walkways and other lift equipment.

Occupation 341113

A Lift Mechanic installs, tests, connects, commissions, maintains and modifies electrical equipment, wiring and control systems.

*Unit Group 3421*

Airconditioning and Refrigeration Mechanics assemble, install, maintain and repair industrial, commercial and domestic airconditioning and refrigeration systems and equipment.

Occupation 342111

An Airconditioning and Refrigeration Mechanic assembles, installs, maintains and repairs industrial, commercial and domestic airconditioning and refrigeration systems and equipment.

*Unit Group 3422*

Electrical Distribution Trades Workers prepare, install, repair, maintain and patrol electric power distribution networks.

Occupation 342211

An Electrical Linesworker installs, maintains, repairs and patrols electrical sub-transmission and distribution systems.

Occupation 342212

A Technical Cable Jointer joins insulated electric power cables installed in underground conduits and trenches, and prepares cable terminations for connection to electrical equipment and overhead lines.

*Unit Group 3423*

Electronics Trades Workers maintain, adjust and repair electronic equipment such as commercial and office machines, video and audio equipment, and electronic instruments and control systems, and transmit and receive radio messages.

Occupation 342311

A Business Machine Mechanic maintains, adjusts and repairs computers, photocopiers, fax machines, cash registers and other electronic commercial and office machines.

Occupation 342312

A Communications Operator transmits and receives radio messages by use of morse code, voice and radio teletype.

Occupation 342313

An Electronic Equipment Trades Worker maintains, adjusts and repairs radio and television receivers, and related audio and visual reproduction equipment such as video cameras, digital versatile disc players, compact disc players and video cassette recorders.

Occupation 342314

An Electronic Instrument Trades Worker (General) installs, modifies, maintains and repairs electronic instruments and control systems.

Occupation 342315

An Electronic Instrument Trades Worker (Special Class) installs, modifies, maintains and repairs complex electronic instruments and control systems which involve a combination of electrical, electronic, mechanical, hydraulic and pneumatic principles.

*Unit Group 3424*

Telecommunications Trades Workers install, maintain and repair data transmission equipment, aerial lines, conduits, cables, radio antennae and telecommunications equipment and appliances.

Occupation 342411

A Cabler (Data and Telecommunications) installs internal telecommunications and data cabling, equipment and peripherals for computer networks, telephony, cable television and monitored security and fire alarms.

Occupation 342412

A Telecommunications Cable Joints joints, terminates and repairs copper and fibre optic telecommunications cables installed in underground pipes, trenches and overhead systems.

Occupation 342413

A Telecommunications Linesworker installs, maintains and repairs external telecommunication equipment such as aerial lines, conduits and underground cables, radio and mobile phone antennae, and limited items of terminal equipment.

Occupation 342414

A Telecommunications Technician installs, maintains and repairs telecommunications equipment and appliances, such as telephones, mobile telephones, switchboards and data transmission equipment, in homes, businesses, telephone exchanges and other network sites.

***Sub-Major Group 35***

Food Trades Workers bake bread and pastry goods, prepare meat for sale, and plan, organise, prepare and cook food for dining and catering establishments.

*Unit Group 3511*

Bakers and Pastrycooks prepare and bake bread loaves and rolls, buns, cakes, biscuits and pastry goods.

Occupation 351111

A Baker prepares and bakes bread loaves and rolls.

Occupation 351112

A Pastrycook prepares and bakes buns, cakes, biscuits and pastry goods.

*Unit Group 3512*

Butchers and Smallgoods Makers select, cut trim, prepare and arrange meat for sale and supply, operate meat and smallgoods processing machines, and manage the processes in the production of smallgoods.

Occupation 351211

A Butcher or Smallgoods Maker selects, cuts, trims, prepares and arranges meat for sale or supply, operates meat or smallgoods processing machines, or manages the processes in the production of smallgoods.

*Unit Group 3513*

Chefs plan and organise the preparation and cooking of food in dining and catering establishments.

Occupation 351311

A Chef plans and organises the preparation and cooking of food in a dining or catering establishment.

*Unit Group 3514*

Cooks prepare, season and cook food in dining and catering establishments.

Occupation 351411

A Cook prepares, seasons and cooks food in a dining or catering establishment.

***Sub-Major Group 36***

Skilled Animal and Horticultural Workers care for, groom, train and shear animals, assist Veterinarians, establish and maintain gardens, parks and surfaces used for sport, and prepare and sell floral arrangements and flowers.

*Unit Group 3611*

Animal Attendants and Trainers train, feed, groom and care for animals.

Occupation 361111

A Dog Handler or Trainer teaches dogs to obey commands and undertake specific tasks.

Occupation 361112

A Horse Trainer prepares horses for riding, breeding, racing, work, show or competitions.

Occupation 361113

A Pet Groomer washes, dries, brushes, combs, cuts and styles pets' coats, clips their nails and cleans their ears.

Occupation 361114

A Zookeeper feeds, provides water for and monitors the health of animals in zoos, aquaria and wildlife parks, cleans, fixes and maintains animal cages, and informs visitors about animals.

Occupation 361199

Animal Attendant and Trainer nec covers Animal Attendants and Trainers not elsewhere classified.

*Unit Group 3612*

Shearers remove wool and hair from sheep, goats, alpacas and other animals.

Occupation 361211

A Shearer removes wool and hair from sheep, goats, alpacas and other animals.

*Unit Group 3613*

Veterinary Nurses care for animals under treatment and in temporary residence at veterinary facilities and assist Veterinarians to perform procedures and operations.

Occupation 361311

A Veterinary Nurse cares for animals under treatment or in temporary residence at veterinary facilities and assists Veterinarians to perform procedures and operations.

*Unit Group 3621*

Florists prepare and sell floral arrangements.

Occupation 362111

A Florist prepares and sells floral arrangements.

*Unit Group 3622*

Gardeners plant, cultivate, maintain, plan and construct parks, gardens and landscapes, and inspect, diagnose and treat trees and shrubs.

Occupation 362211

A Gardener (General) plants, cultivates and maintains parks and gardens.

Occupation 362212

An Arborist maintains and cares for trees and shrubs by lopping limbs and shaping branches, treating trees with fertilisers and insecticides, removing dead or decaying trees, and advising on general tree care.

Occupation 362213

A Landscape Gardener plans and constructs garden landscapes.

*Unit Group 3623*

Greenkeepers establish and maintain fine turf, grassed areas and synthetic surfaces used for sporting events.

Occupation 362311

A Greenkeeper establishes and maintains fine turf, grassed areas and synthetic surfaces used for sporting events.

*Unit Group 3624*

Nurserypersons propagate and cultivate trees, shrubs, and ornamental and flowering plants in plant nurseries.

Occupation 362411

A Nurseryperson propagates and cultivates trees, shrubs, and ornamental and flowering plants in a plant nursery.

***Sub-Major Group 39***

Other Technicians and Trades Workers

*Unit Group 3911*

Hairdressers cut, style, colour, straighten and permanently wave hair, and treat hair and scalp conditions.

Occupation 391111

A Hairdresser cuts, styles, colours, straightens and permanently waves hair, and treats hair and scalp conditions.

*Unit Group 3921*

Binders, Finishers and Screen Printers bind books and other publications, finish printed products by hand and machine, prepare stencils, and set up and operate power-driven and hand-operated screen print equipment.

Occupation 392111

A Binder and Finisher binds books and other publications, and finishes printed products by hand or machine.

Occupation 392112

A Screen Printer prepares stencils, and sets up and operates power-driven or hand-operated screen print equipment.

*Unit Group 3922*

Graphic Pre-press Trades Workers manipulate, set and compose text and graphics into a format suitable for printing and other visual media.

Occupation 392211

A Graphic Pre-press Trades Worker manipulates, sets and composes text and graphics into a format suitable for printing and other visual media.

*Unit Group 3923*

Printers set up and operate letterpress, lithographic, flexographic, gravure, newspaper, instant, digital and offset printing presses.

Occupation 392311

A Printing Machinist produces books, magazines, newspapers, brochures, posters, leaflets, packaging materials and stationery using printing presses.

Occupation 392312

A Small Offset Printer sets up and operates small offset printing presses used in instant print shops or for in-house printing.

*Unit Group 3931*

Canvas and Leather Goods Makers make and repair boots, shoes, leather goods, canvas and sailcloth articles, and related products.

Occupation 393111

A Canvas Goods Maker fabricates and repairs canvas and related products such as awnings, tents, tarpaulins, horse rugs and caravan annexes.

Occupation 393112

A Leather Goods Maker fabricates and repairs leather articles such as wallets, cases, harnesses and saddlery.

Occupation 393113

A Sail Maker fabricates and repairs sails and other articles from sailcloth.

Occupation 393114

A Shoemaker makes and repairs boots or shoes.

*Unit Group 3932*

Clothing Trades Workers prepare and cut garment patterns and fabric, and make and repair garments.

Occupation 393211

An Apparel Cutter lays out, marks and cuts fabric to form parts of garments.

Occupation 393212

A Clothing Patternmaker draws sets of master patterns following sketches, sample articles and design specifications, and cuts out patterns for garments.

Occupation 393213

A Dressmaker or Tailor makes, alters and repairs women's and men's tailored garments, formal wear, couturier clothing, and special occasion wear such as suits, dresses, coats, evening wear and bridal wear.

Occupation 393299

Clothing Trades Worker nec covers Clothing Trades Workers not elsewhere classified.

*Unit Group 3933*

Upholsterers make, rebuild and repair upholstered articles such as chairs, sofas, beds and mattresses.

Occupation 393311

An Upholsterer makes, rebuilds and repairs upholstered articles such as chairs, sofas, beds and mattresses.

*Unit Group 3941*

Cabinetmakers fabricate and repair wooden furniture, and fit and assemble prepared wooden parts to make furniture.

Occupation 394111

A Cabinetmaker fabricates or repairs wooden furniture, and fits and assembles prepared wooden parts to make furniture.

*Unit Group 3942*

Wood Machinists and Other Wood Trades Workers set up and operate woodworking machines and wood turning lathes to shape wood stock, finish and polish furniture, and make picture frames and frame paintings, photographs and other artwork.

Occupation 394211

A Furniture Finisher applies finishes, such as stain, lacquer, paint, oil and varnish, to furniture, and polishes and waxes finished furniture surfaces.

Occupation 394212

A Picture Framer cuts out and assembles mouldings to make picture frames, and frame paintings, photographs, needlework and other artwork.

Occupation 394213

A Wood Machinist cuts, planes, turns, shapes and sands wood stock to specifications.

Occupation 394214

A Wood Turner operates wood turning lathes to turn and shape wood stock.

Occupation 394299

Wood Machinist and Other Wood Trades Worker nec covers Wood Machinists and Wood Trades Workers not elsewhere classified.

*Unit Group 3991*

Boat Builders and Shipwrights construct, fit out and repair boats and ships.

Occupation 399111

A Boat Builder and Repairer builds, repairs and modifies boats.

Occupation 399112

A Shipwright constructs, fits out and repairs ships.

*Unit Group 3992*

Chemical, Gas, Petroleum and Power Generation Plant Operators control the operation of chemical production equipment, pump gas and oil from wellheads, refine and process petroleum products, and operate boilers, turbogenerators and associated plant to generate electrical power.

Occupation 399211

A Chemical Plant Operator controls the operation of chemical production plant.

Occupation 399212

A Gas or Petroleum Operator operates equipment to pump oil and gas from wellheads, and refines and processes petroleum products.

Occupation 399213

A Power Generation Plant Operator operates boilers, turbogenerators and associated plant to generate electrical power.

*Unit Group 3993*

Gallery, Library and Museum Technicians prepare artworks, specimens and artefacts for collections, arrange and construct gallery exhibits, and assist Librarians to organise and operate systems for handling recorded material and files.
